Dated February 13, 2023
(To Preliminary Prospectus dated February 6, 2023)

Free Writing Prospectus
MAIA Biotechnology, Inc.

This free writing prospectus relates to the proposed public offering of shares of common stock, par value $0.0001 of MAIA Biotechnology, Inc. (the "Company"), which are being registered on a Registration Statement on Form S-1, as amended (No. 333-269606) (the "Registration Statement"). This free writing prospectus should be read together with the preliminary prospectus dated February 6, 2023 included in that Registration Statement, which can be accessed through the following link:

https://www.sec.gov/ix?doc=/Archives/edgar/data/1878313/000156459023001518/maia-s1.htm

We have filed the Registration Statement with the Securities and Exchange Commission (the "SEC") for the offering to which this communication relates. Before you invest, you should read the preliminary prospectus in the Registration Statement (including the risk factors described therein) and other documents we have filed with the SEC for more complete information about our Company and this offering. You may access these documents for free by visiting EDGAR on the SEC Web site at http://www.sec.gov. Alternatively, we or any underwriter participating in the offering will arrange to send you the prospectus if you contact ThinkEquity, Prospectus Department, 17 State Street, 41st Floor, New York, New York 10004, telephone: (877) 436-3673 or e-mail: prospectus@think-equity.com.

FREE WRITING PROSPECTUS

This presentation highlights basic information about us and the proposed offering. Because it is a summary, it does not contain all of the information that you should consider before investing. We have filed a registration statement (including a prospectus) with the SEC for the offering to which this presentation relates. The registration statement has not yet become effective. Before you invest, you should read the prospectus in the registration statement (including the risk factors described therein) and other documents we have filed with the SEC for more complete information about us and the offering.

You may access these documents for free by visiting EDGAR on the SEC Web site at http://www.sec.gov. Alternatively, we or any underwriter participating in the offering will arrange to send you the prospectus if you contact ThinkEquity, Prospectus Department, 17 State Street, 41st Floor, New York, New York 10004, telephone: (877) 436-3673 or e-mail: prospectus@think-equity.com.

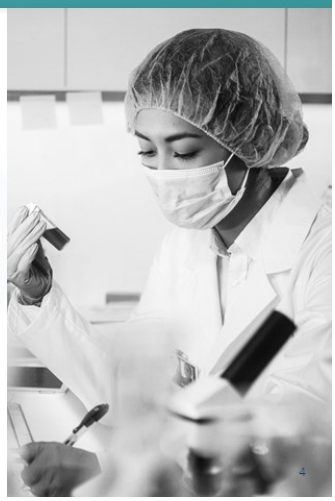
This presentation shall not constitute an offer to sell, or the solicitation of an offer to buy, nor will there be any sale of these securities in any state or other jurisdiction in which such offer, solicitation or sale would be unlawful prior to the registration or qualification under the securities laws of such state or jurisdiction. The offering will only be made by means of a prospectus pursuant to a registration statement that is filed with the SEC after such registration statement becomes effective.

FORWARD-LOOKING STATEMENTS

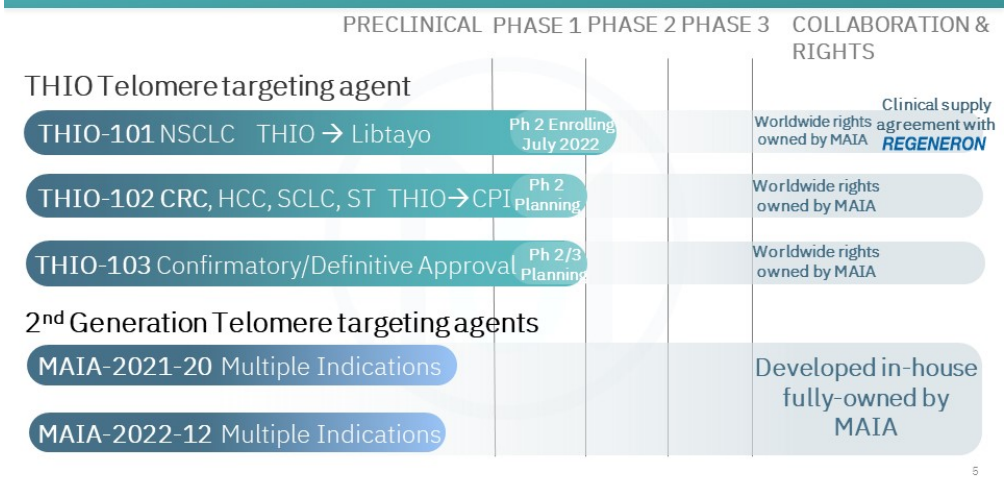
All statements in this presentation, other than those relating to historical facts, are "forward-looking statements." These forward-looking statements may include, but are not limited to, statements relating to our objectives, plans, and strategies; statements that contain projections of results of operations or of financial condition; statements relating to the industry and government policies and regulations relating to our industry; and all statements (other than statements of historical facts) that address activities, events, or developments that we intend, expect, project, believe, or anticipate will or may occur in the future. Forward-looking statements are not guarantees of future performance and are subject to risks and uncertainties. We have based these forward-looking statements on assumptions and assessments made by our management in light of their experience and their perception of historical trends, current conditions, expected future developments, and other factors they believe to be appropriate. Important factors that could cause actual results, developments, and business decisions to differ materially from those anticipated in these forward-looking statements include, among other things: the overall global economic environment; general market, political, and economic conditions in the countries in which we operate: projected capital expenditures and liquidity; changes in our strategy; government regulations and approvals; the application of certain service license; and litigation and regulatory proceedings. The Company has filed a registration statement on Form S-1, as may be amended (Registration No.: 333-269606). Before you invest, you should carefully read the registration statement, including the factors described in the "RISK FACTORS" section of the Registration Statement and other documents that we have filed, and will subsequently file, with the Securities and Exchange Commission to better understand the risks and uncertainties inherent in our business and industry and for more complete information about us and the offering. You may get these documents for free by visiting EDGAR on the Commission's website at www.sec.gov. We caution you that forward-looking statements are not guarantees of future performance and that our actual results of operations, financial condition and liquidity, and the development of the industry in which we operate may differ materially from the forward-looking statements contained in this presentation as a result of, among other factors, the factors referenced in the "Risk Factors" section of the Registration Statement. In addition, even if our results of operations, financial condition and liquidity, and the development of the industry in which we operate are consistent with the forward-looking statements contained in this presentation, they may not be predictive of results or developments in future periods. This presentation shall not constitute an offer to sell or the solicitation of an offer to sell or the solicitation of an offer to buy any of our securities nor shall there be any sale of securities in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such jurisdiction. Any offering of securities can only be made in compliance with applicable securities laws. You should read carefully the factors described in the "Risk Factors" section of the Registration Statement to better understand the risks and uncertainties inherent in our business and underlying any forward-looking statements. These statements are only current predictions and are subject to known and unknown risks, uncertainties, and other factors that may cause our or our industry's actual results, levels of activity, performance, or achievements to be materially different from those anticipated by the forward-looking statements. You should not rely upon forward-looking statements as predictions of future events. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance, or achievements. Except as required by law, we are under no duty to update or revise any of the forward-looking statements, whether as a result of new information, future events or otherwise, after the date of this prospectus. These forward-looking statements speak only as of the date of this presentation, and we assume no obligation to update or revise these forward-looking statements for any reason.

INVESTMENT OVERVIEW

- Telomere-Targeting Agents:
  - THIO in clinic
  - Advancing pipeline
- Efficacy
- Safety
- FDA: 2 Orphan Drug Designations
- REGN: Supply Agreement
- Phase 2 THIO-101 trial in NSCLC underway
  - Enrolling in AUS and EU
  - On track to open sites in US in 2023
  - Upcoming Milestones: Safety, ORR, DoR
- Phase 2 THIO-102 basket trial in 2023



ROBUST PIPELINE



SCIENCE OVERVIEW

THIO (6-thio-dG)

Telomere Targeting Agent

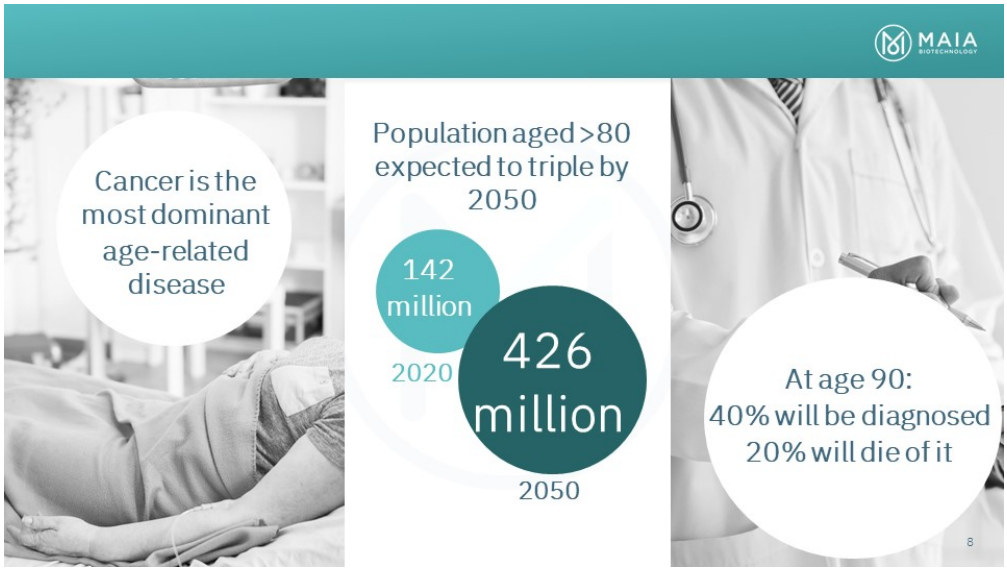
- Small molecule
- Eligible for NCE marketing exclusivity
- Dual MoA: telomere targeting + immunogenic
- CR with No Recurrence in vivo in Lung, Colorectal, Liver, Melanoma, Brain Cancer (GBM, DIPG, MB), etc
- Two FDA Orphan Drug Designations: HCC and SCLC

Next Generation

Telomere Targeting Candidates

- Similar MoA
- Structures: evolution of THIO; other new structures
- Objective: advance one agent every 6-12 months

MISSION AND APPROACH

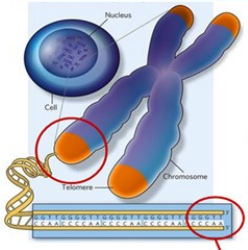


MAIA
Cancer is the most dominant age-related disease
Population aged >80 expected to triple by 2050
142 million
2020
426 million
2050
At age 90:
40% will be diagnosed
20% will die of it
8

MAIA
BIOTECHNOLOGY
THIO is the only direct telomere targeting agent currently in clinical development
9

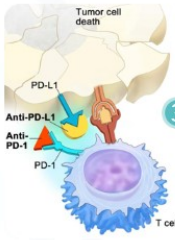
THIO - CHECKPOINT INHIBITORS

THIO → CPIs



THIO has a dual MoA:

1. Telomere targeting
2. Immunogenic effect
3. Checkpoint Inhibitors



LIBTAYO® (cemiplimab) | KEYTRUDA® (pembrolizumab) | TECENTRIQ® (atezolizumab) | OPDIVO® (nivolumab) | IMFINZI® (durvalumab)

REGENERON | MERCK | Genentech | Bristol Myers Squibb | AstraZeneca

★ Partnership for NSCLC

REGENERON AGREEMENT

MAIA BIOTECHNOLOGY & REGENERON

MAIA Biotechnology, Inc. Announces Clinical Supply Agreement with Regeneron for Phase 1/2 Clinical Trial Evaluating THIO in Sequential Administration with Libtayo® (cemiplimab) in Advanced Non-Small Cell Lung Cancer

MAIA
BIOTECHNOLOGY
THIO:
CLINICAL
DEVELOPMENT
STRATEGY
12

CLINICAL DEVELOPMENT OVERVIEW

MAIA BIOTECHNOLOGY

THIO-101

Ph 2 trial THIO + LIBTAYO®

- Go-to-Market
- NSCLC
- REGN supply agreement
- Enrolling at multiple sites in AUS and EU (2022)
- File US IND and commence enrolling in US in 2023
- Select optimal dose and expand
- File for accelerated approval (2025)

THIO-102

Ph 2 trial THIO + CPIs

- Go-to-Market
- CRC, HCC, SCLC, ST
- Select most efficacious combination with 3 CPIs
- 9+ possible market entry indications
- US, EU, Asia (2023)
- File for accelerated approval (2026)

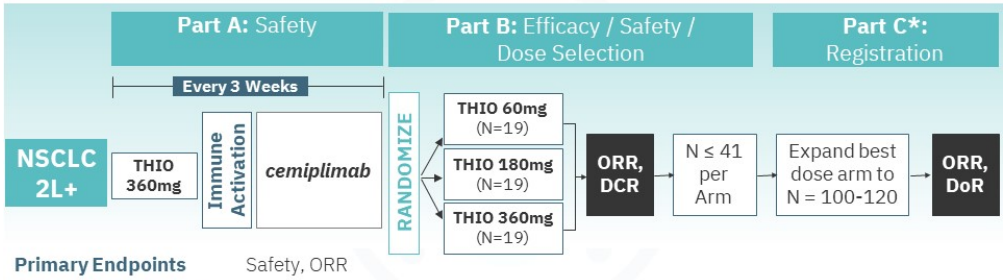
THIO-103

Ph 2/3 trial of THIO+CPIs

- Confirmatory approvals for the accelerated approvals
- Market Expansion
- 9+ tumor types
- First approvals in additional tumor types / global markets

THIO-101 TRIAL (ONGOING)

A Multicenter, Open-Label, Dose-Finding Phase 2 Trial Evaluating the Safety and Efficacy of THIO Administered in Sequence with LIBTAYO® (*cemiplimab*)

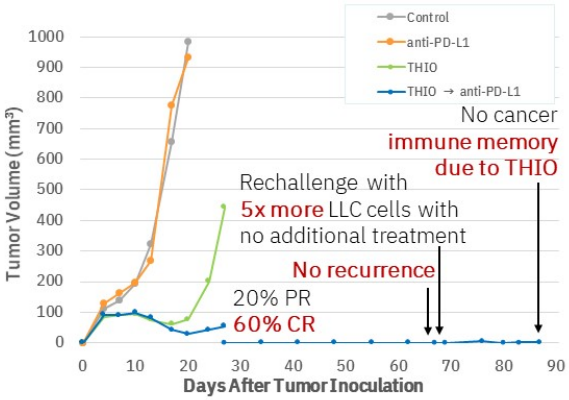


Primary Endpoints	Safety, ORR
Secondary Endpoints	DCR (CR, PR or SD); DoR; PFS; OS
Exploratory Endpoints	PK and PD (activity of THIO in circulating tumor cells measured by specific biomarkers)

ClinicalTrials.gov: https://clinicaltrials.gov/ct2/show/NCT05208944?term=05208944&draw=2&rank=1 *Would require FDA agreement

THIO-101 TRIAL MILESTONES

Catalyst	Timing	Current SoC (Chemo)
Safety	Q1 2023	72-79% Grd 3-4
Preliminary Efficacy (ORR)	2023	11-23%
DoR, PFS	2024	4-4.5m
OS	2025	8.1-10.5m

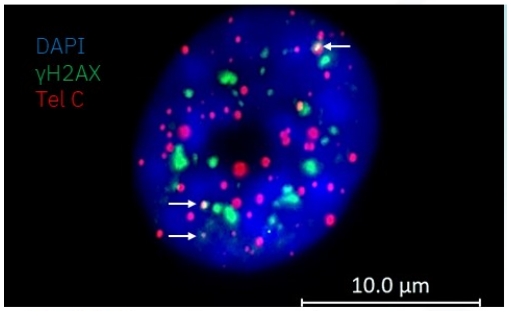


Mender et al, Cancer Cell, 2020; Tecentriq (atezolizumab; Roche/Genentech) tested first; repeated later with Keytruda (pembrolizumab; Merck) and Libtayo (cemiplimab; Regeneron)

BIOMARKER – TIFS (TELOMERE DYSFUNCTION INDUCED FOCI)

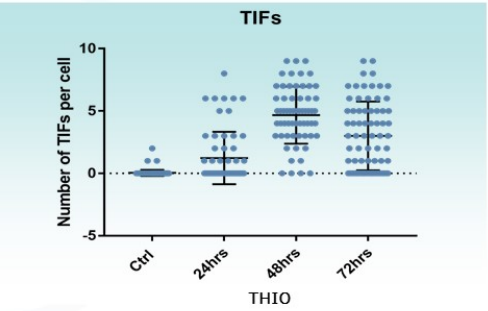
MAIA BIOTECHNOLOGY

Confocal microscopy image of LLC cell nucleus after treatment with THIO



- **Yellow** dots indicated TIFs by THIO
- **Green** dots - γH2AX
- **Red** dots - telomeres

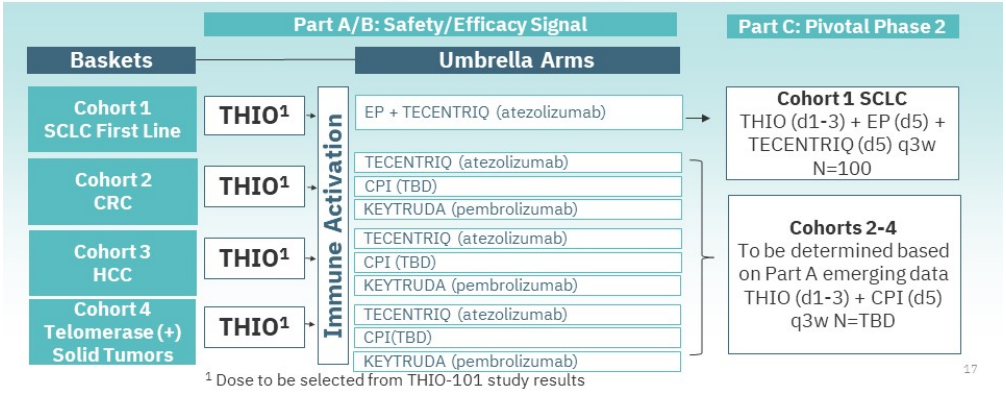
Quantification of TIFs induced in LLC cell by 3 µM of THIO



- TIFs induction reached max after ~ 48h
- Formation of TIFs indicated on-target MOA of THIO

THIO-102 TRIAL (PLANNED)

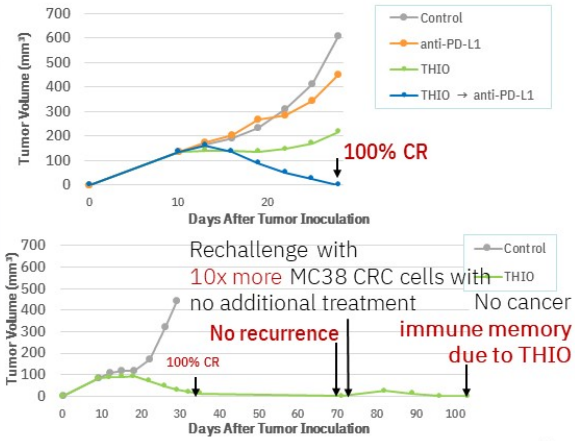
A Multicenter, Open-label, Phase 2 Trial Evaluating the Safety and Efficacy of THIO Administered in Sequence with Anti-PD-1 or Anti-PD-L1 in Patients with Telomerase (+) Tumors



[1] Dose to be selected from THIO-101 study results

THIO-102 TRIAL - COLORECTAL

Catalyst	Timing	Current SoC (Chemo)
Safety	2024	50-60% Grd ≥ 3
ORR	2024	1-1.6%
DoR, PFS	2025	1.9-2.0m
OS	2026	6.4-7.2m



Mender et al, Cancer Cell, 2020

THIO-102 TRIAL SCLC & HCC

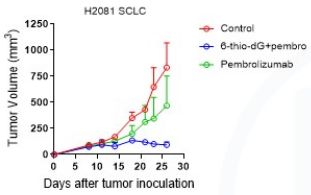


Figure Legend
THIO (6-thio-dG) is synergistic with anti-PD-1 agent pembrolizumab in Small Cell Lung Carcinoma (SCLC) *in vivo* in humanized murine cancer model.
Treatment with THIO sequentially followed by pembrolizumab results in highly potent anticancer effect, as compared to the effects of pembrolizumab alone.
THIO administration converts immunologically "cold non-responsive" SCLC tumor into "hot and responsive to pembrolizumab."

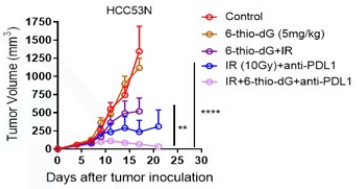

Figure Legend
THIO (6-thio-dG) is highly synergistic and effective in combination with anti-PD-L1 agent atezolizumab and Ionizing Radiation (IR) in HCC53N cell-based model of Hepatocellular Carcinoma (HCC).
Treatment with THIO in combination with IR and Atezolizumab results in a complete regression of aggressive HCC tumors. At the same time, the combination of IR and Atezolizumab is just partially efficacious.

EXCLUSIVITY AND INTELLECTUAL PROPERTY

MAIA BIOTECHNOLOGY

Goal: **New Chemical Entity (NCE) Marketing Exclusivity**

- THIO has never been previously approved by the FDA for commercialization
- Robust exclusivity
- US: 7 years; EU, Japan, other markets: 10 years

Robust and Growing Patent Portfolio for THIO

- 1 issued US patent
- 4 issued foreign patents
- 5 pending US patent applications
- 7 pending foreign patent applications

Current patents/provisional applications broadly cover the following key areas:

- Telomere targeting compounds (2034+)
- THIO's immunogenic treatment strategy: sequential combination with CPIs (2041)

EXPERIENCED MANAGEMENT TEAM

MAIA BIOTECHNOLOGY

Vlad Vitoc, MD, MBA

Founder, Chairman, and Chief Executive Officer

- 22+ years in Pharma/Biotech: Commercial, Medical,
- 12 compounds launched across 20+ tumor types
- Leadership roles at Bayer (Nexavar), Astellas (Tarceva, Xtandi), Cephalon (Treanda), Novartis (Zometa), and Incyte (Jakafi)

Mihail Obrocea, MD

Chief Medical Officer

- Hematologist/Oncologist executive
- 21+ years of drug development experience: cell therapy, active immunotherapy and cancer vaccines, antibodies, antibody drug conjugates (ADCs), small molecules

Sergei Gryaznov, PhD

Chief Scientific Officer

- 25+ years as Scientist
- Expert Drug Discovery and Development, Oncology with 120+ publications
- Head of the J&J Oligonucleotide Center of Excellence Worldwide
- Expert of telomeres and telomerase in cancer, co-inventor of THIO

Joe McGuire

Chief Financial Officer

- 30+ years of financial expertise
- CFO for privately held and publicly traded companies in the healthcare and other industries
